

Matheus Sixel Silva

Front-End Developer (React · Next.js · TypeScript) — growing into Full Stack

Juiz de Fora, MG, Brazil · Available for remote work

msixel22@gmail.com · github.com/MSixels · linkedin.com/in/dev-matheus-sixel

SUMMARY

Front-End Developer focused on the React ecosystem (React.js, Next.js, TypeScript), building performant interfaces with clean code, REST API integration and automated testing (Jest, React Testing Library). Currently expanding into full stack on my own B2B SaaS, with a Go backend and PostgreSQL data layer. Advanced English and fluent Spanish.

EXPERIENCE

escuta... — Full Stack Developer (own product)

Remote · 2025 – Present

- Building a multi-tenant B2B SaaS for clinic management (scheduling, patient records and billing).
- Front-end in Next.js and TypeScript, with Tailwind CSS and Shadcn UI.
- Back-end in Go (REST APIs) and data modeling in PostgreSQL (Supabase with Row-Level Security).
- Production deployment (Vercel/Render); database latency handling and LGPD compliance (Brazil's data protection law).

Educational CRM Project — Lead Front-End Developer (Freelance)

Remote · Sep 2024 – May 2025

- Led the front-end of a complete educational CRM and coordinated a team of 3 developers (code review, Git/GitHub).
- Built with React.js, JavaScript (ES6+), Vite, Context API and CSS Modules.
- Role-based authentication, student and enrollment management, certificate and PDF report generation, and notifications.

Front-End Developer — Freelance

Remote · Jun 2023 – Jun 2024

- Front-end solutions for various clients: conversion-optimized landing pages and e-commerce in React (cart, checkout, payment integration).
- React.js, JavaScript, HTML5, CSS3, Styled Components, Sass, responsive design and API integration.
